Strathbogie Tableland Action Group

Introduction

This updated Community Directory is an initiative of the Strathbogie Tableland Action Group (STAG) and was one of the projects put forward in the last Strathbogie Tableland Action Plan.

The development of this Directory has been made possible with the financial assistance of the Strathbogie Shire Council and the voluntary efforts of STAG's Communications Sub-committee who are also responsible for Tableland Talk and the community website: www.strathbogie.org. Visit the website for an online copy of this directory and a comprehensive range of things to see and do on the Tableland.

Strathbogie Tableland Action Group

STAG was formed in 2005. A public meeting is held approximately every two years to discuss projects which will benefit the community. Supported projects are documented on the Community Action Plan and interested people get together to investigate and carry out each project. These projects may be eligible for Community Grant funding. One of the ways STAG members support these projects is through liaising with Strathbogie Shire Council.

Completed Action Plan Projects include:

- Emergency Resource Booklet and purchase of generator for Place of Last Resort
- Telstra Tower on Mt Wombat (3G reception widely accessible)
- Road Works (road widening and remarking; installation of signage at dangerous intersections)
- Footpath from school to Spring Creek Rd and pedestrian bridge across Spring Creek
- Community Directory (published in 2006; updated 2012 and 2018)
- Strathbogie Tableland Community Website (launched in 2008)
- Refurbishment of the community noticeboard
- Development of a tourism brochure
- Purchase of AV equipment (data projector and screen for community use)
- The panther mural on the Telstra Exchange
- Provision of picnic tables and refurbishment of noticeboard at Polly McQuinns
