

The Strathbogie Tableland map below shows the bitumen roads on the Tableland in red.

Use the map to **plan your route options when leaving early**. These are the main exit routes off the Tableland.

If there is fire approaching, nobody should be on the road - it is too late to leave.

Strathbogie Bushfire Place of Last Resort

The Strathbogie Golf Clubrooms in Armstrong Avenue Strathbogie is the designated Bushfire Place of Last Resort.

This is NOT the place to go to if, in the event of a fire on the Tablelands, you leave early.

It is there if your fire plan fails and you need a safer refuge. But be aware that due to fallen trees and branches, it may not be accessible, and there may not be anyone there to assist you.
