

Strathbogie Bushfire Place of Last Resort- Neighbourhood Safer Place

Our Bushfire Place of Last Resort is the Strathbogie golf club rooms in Armstrong Ave, beyond the Strathbogie Memorial Hall. It will only be opened as such, if the Strathbogie Township is under direct fire threat.

This is NOT the place to go to in the event of a fire on the Tableland, you should leave early.

It is there if your fire plan fails and you need a safer refuge. But be aware that due to fallen trees and branches, it may not be accessible, and there may not be anyone there to assist you.

Bushfire Places of Last Resort have a number of limitations:

- They have limited capacity and provide no guarantee of safety;
- They do not cater for animals including pets and stock;
- There is no expectation that emergency services will be present;
- They do not provide meals, amenity or cater for special needs (eg. Infants, the elderly, the ill or the disabled);
- They may not provide shelter from the elements, particularly flying embers, smoke and radiant heat;
- There could be high risks to people during access, shelter, during passage of the fire front and egress from the Bushfire Place of Last Resort.

BPLRs are places of absolute last resort. The safest place to be, is out of a high-risk bushfire area early.

Location of 24/7 AEDs: (Automated External Defibrillators)

The Strathbogie Recreation Reserve rooms, the Strathbogie Hall & the Golf Clubrooms – as indicated on the maps
